**Micro Drone® 3.0 Quick Start Guide**

**Getting Started**

1. **Unpack**:
   - Take out all components:
     - Micro Drone® 3.0
     - 4 x Propellers
     - Battery
     - Charger
     - Cable
     - Sticker
     - User manual

2. **Charge** the battery before using.

3. **Connect** controller to Micro Drone using supplied USB cable.

4. **Install** the battery and check it is securely attached.

**Operation**

- **Lifestyle**: Indoor or outdoor use is possible, but flying in strong winds or heavy rain is not recommended.
- **Range**: 50m maximum.
- **Flight Time**: 5-8 minutes (based on full charge).
- **Speeds**:
  - **Low**: Suitable for beginners.
  - **Medium**: For improving control skills.
  - **High**: For experienced users.

**Safety Precautions**

- **Warning**: Do not fly near power lines, tall buildings, or other obstacles.
- **Caution**: Keep out of reach of children and do not allow anyone to fly the drone without proper supervision.

**Maintenance**

- **Propellers**: Regularly check and replace damaged or worn propellers.
- **Battery**: Use original or equivalent batteries for optimal performance.
- **Drone Body**: Keep clean and dry to prevent damage.

**Contact Information**

- **Support**: For any questions or issues, please contact our customer support team.
- **Website**: Visit our website for more information and updates.

**Happy Flying**
MICRO DRONE
INSTRUCTION MANUAL

The user manual includes instructions and tips for the drone's operation.

1. Start by charging the battery. Place the drone on a flat surface and ensure it is securely connected to the power source.

2. Turn on the drone. Press and hold the power button to activate the drone.

3. Fly the drone. Use the controller to maneuver the drone, keeping it within a safe distance.

4. Land the drone. Return the drone to the starting position or land it softly on a flat surface.

5. Store the drone. Keep the drone in a cool, dry place when not in use.

6. Troubleshooting. If you encounter any issues, refer to the troubleshooting section in the manual.

7. Enjoy flying your drone! It's a fun and exciting experience that can be shared with friends and family.
